Belt and Road Summit
Successful businesses in the way ahead

Third Edition

Trieste – Stazione Marittima
November 20-21, 2019

HIGH LEVEL SUMMIT

After the first edition held in Venice – Italy and a second edition in Shenzhen – China, the Belt and Road Summit comes back to Europe, gathering the community of Eurasian business leaders in Trieste. The city and the port of Trieste represent a key logistics hub in the North Adriatic Sea connecting the East to the West, and a historical crossroad of culture between Southern Europe, the Germanic world, and the Balkans.

The forum is a unique platform to establish and build long-standing relations peer-to-peer with business and institutional counterparts from the most relevant Eurasian Countries active along the Belt and Road Initiative.

After the first two editions focused respectively on understanding what the Belt and Road is and what actions should be initiated to unleash its potential, the third edition will increasingly focus on concrete business to business cooperation and industrial opportunities in the countries located along the maritime and land routes.
